

# SASS Territorial Governor Summit 2008

## Tally of Votes - Action Shooter Items

Agenda Item	Item Text	For	Against	Abstain	Result
1	Should we combine the Traditional and Modern categories and then split this combination into two age-based categories, with the age breaks being at 17 and up / 36 and up? This would give us age-based categories for all ages. All age based categories would allow the use of all SASS legal firearms, propellants and shooting styles except Gunfighter. <small>Percentage</small>	194 69.78%	79 28.42%	5 1.80%	PASS
2	Should we allow the use of the Gunfighter shooting style in all categories that allow two handed shooting except Buckaroos, Buckarettes and Juniors? <small>Percentage</small>	137 49.28%	140 50.36%	1 0.36%	FAIL
3	Should we replace the line – “Outlawed - Clothing displaying manufacturer’s or sponsor’s logos” with “The displaying of sponsor's or team logos on apparel is prohibited. Manufacturer's labels on such apparel or equipment are acceptable.”? <small>Percentage</small>	231 83.09%	45 16.19%	2 0.72%	PASS
4	Stage Conventions Item #3 requires all long guns staged horizontally shall be staged lying flat where at least the rear of the trigger guard is on the staging area. Should we add “All horizontally staged handguns must be staged with the entire handgun lying flat on the staging surface”? <small>Percentage</small>	265 95.32%	13 4.68%	0 0.00%	PASS
5	Should we clarify the costuming and equipment requirements as follows? "ALL Clothing and equipment MUST BE worn appropriately, how it was intended and how it would have been worn in the OLD WEST or as seen on B-Western movies and Television." <small>Percentage</small>	250 89.93%	24 8.63%	4 1.44%	PASS
6	Should we allow a shooter to retrieve a dropped round? The current rule actually assumes that a safety rule could potentially occur when retrieving dropped rounds. We have rules in place that address safety issues when they occur. <small>Percentage</small>	64 23.02%	213 76.62%	1 0.36%	FAIL
7	Should we change the verbiage about de-cocking a firearm from - De-cocking a revolver, rifle, or external hammer shotgun may not be done with a live round under the hammer. De-cocking may not be done to avoid a penalty if cocked at the wrong time or position. to - "De-cocking may not be done to avoid a penalty if cocked at the wrong time or position. NO gun may be de-cocked on the firing line except by pointing it down-range and pulling the trigger or while under the direct supervision of a stage officer."? <small>Percentage</small>	224 80.58%	54 19.42%	0 0.00%	PASS
8	Should we change the rule regarding empties left on the carrier or in the chamber of a long gun? A live round in the chamber would continue to carry a Stage Disqualification penalty and a live round on the carrier a 10-second minor safety. This change would eliminate all penalties for empty rounds in the chamber or on the carrier of long guns only. <small>Percentage</small>	147 52.88%	129 46.40%	2 0.72%	FAIL
9	Should we allow gunfighters to carry revolvers in the butt forward manor? We have rules in place that address safety issues when they occur. <small>Percentage</small>	143 51.44%	133 47.84%	2 0.72%	FAIL
10	Should we allow ejectors on single shot shotguns? <small>Percentage</small>	226 81.29%	50 17.99%	2 0.72%	PASS
11	Should we add the following verbiage to address aerial shotgun targets for Buckaroos and Buckarettes? “An alternate target MUST be provided for all aerial shotgun targets for Buckaroo and Buckarette shooters.” <small>Percentage</small>	202 72.66%	74 26.62%	2 0.72%	PASS

*Coyote Calhoun brought the Ruger Montado revolver to the floor for potential approval as a result of receiving a Firearms Approval Application. He explained the differences in this revolver and the Ruger Vaquero model. Discussion was both in favor and against the firearm. The majority in attendance were in agreement that the Montado hammer is of no concern but were not in favor of allowing the Montado front strap serrations. Coyote Calhoun will convey these desires to Ruger for action shooting requirements. A vote was taken of the TG's in attendance and the Montado hammer style was overwhelmingly approved for use for Action shooting.*
